# ABDUL SAMAD

**Frontend Developer** +92 302 9556006 | abdulsamadpak111@gmail.com | Islamabad. |
**LinkedIn**: https://www.linkedin.com/in/abdulsamadmsd5/
**GitHub**:https://github.com/abdulsamadmsd

## Professional Summary

Detail-oriented Frontend Developer with extensive experience in architecting scalable web applications using **React.js** and **Next.js**. Proven track record in delivering high-performance e-commerce platforms and complex dashboards. Expert in modern styling with **Tailwind CSS** and type-safe development with **TypeScript**. Passionate about clean code, performance optimization, and seamless UI/UX implementation.

## Technical Skills

- **Core:** React.js, Next.js 14/15 (App Router), TypeScript, JavaScript (ES6+).
- **Styling:** Tailwind CSS, Framer Motion, Shadcn/UI, Responsive Design.
- **State & Data:** Firebase, REST APIs, Context API zustand.
- **Tools:** Git/GitHub, Vercel, Figma to Code, Postman.
- **Architecture:** SSR/SSG/ISR, Modular Project Structures, Performance Optimization.

## Projects

**School Management System** | *Next.js, TypeScript, Tailwind CSS*

- Developed a full-featured **CRUD interface** for managing student records, faculty data, and enrollment workflows.
- Built dynamic, searchable data tables with advanced filtering and pagination for handling large datasets.
- Implemented **Role-Based navigation** and optimized the UI/UX for administrative efficiency.

**ZK-Ecommerce Platform** | Live Demo

- **Stack:** Next.js 15, TypeScript, Tailwind CSS, Firebase.
- **Features:** Dynamic product routing, state-managed shopping cart, and a responsive admin dashboard for inventory management.

**P Professional Portfolio** | abdulsamadmsd.lovable.app

- **Stack:** REACT js, Framer Motion, Lucide Icons.
- **Features:** Advanced animations, theme switching (Light/Dark mode), and a mobile-first responsive grid layout.

## Experience

**Software Engineer Intern** | *Invincible Technology*

- Developed reusable and modular React components, reducing code duplication by 30%.
- Integrated **REST APIs** to fetch and display dynamic real-time data within production apps.
- Collaborated with the team lead to debug UI performance issues and improve cross-browser compatibility.

## Education

**BS in Computer Science** (CGPA: 3.64/4.0) *Gomal University, Dera Ismail Khan*
